Letter of Demand for Continuance

I, Claimant, James E. Horton, hereby, Demand Stay of Proceedings to continue telecommunicated Hearing scheduled for 07122021 at 10:00 A.M. supported by Declaration as below:

Declaration In Support:

Whereas, Defendant (Department of Human Assistance) has thus far withheld compelled Discovery necessary (See: Claimant's 210709 Letter of Demand for Discovery Compulsion); Claimant requires 14 days (per Common Law) from Full Disclosure for continuance.

Whereas, within initial pleadings (read them), Claimant claimed, with full merit support in good faith cause, necessity for specified, alternative, electronic procedure-means for trial of Evidence and with, conjunctively, a Waiver of Hearing (substantively) (pursuant to 2 CCR § 1038). ¶ Whereas, Claimant, during throughout pendency, experienced collateral incidents, conspicuously timed to prove to be joindered acts of same Conspiracy by collusion: 1. Gang and Police Misconduct Harassment (subject of Reports: 21-143934, 21-144959, 21-170977); 2. Excessive Malicious Interference by Malicious Intrusion of Obsessive Electronic Surveillants (See: Appendices A & B to 210619 ClmtsEml.. reported to ACMS Administrator); 3. Resulting, imperative legal matters simultaneously, while claimant needs to maintain survival by other life tasks while indigant and absent of I.D. since stolen.

Whereas, Pursuant to ¶(d)(8) of 1 CCR § 1020, by Harassments aforesaid, discovery of information (obstructionistally required per state of California's Criminal legislative pattern of behavior deviant from Common Law uniformity to Procedurally Harass appeals for remedies) according ¶(d) has been totally impracticable. ¶ Whereas, Claimant has reason to highly suspect RICO Tampering by rerouting at scheduled time of Hearing (which I intend to monitor & audit); last scheduled telephone Hearing was obstructed by anomalous, electronic means (my cellphone failed to respond to input efforts to Answer the two calls -- which I have recorded as incident.

Wherefore, it is in the interest of justice to continue; Claimant possesses cause in good faith.

Date: 07122021

Sincerely,
Pro se, In Forma Pauperis;
Jacob (James E. Horton)
